## SNEED INDICTED FOR KILLING BOYCE

Amarillo, Texas, Sept. 18.—J. B. Sneed was indicted late yesterday by the grand jury of the 47th District court, after two days of investigation, on a charge of murder of Al G. Boyce, Jr., in this place Saturday. The indictment was couched in the usual technical terms and signed by the foreman of the panel.

There was no excitement attendant upon the entry of the grand jury into the court room, but friends and attorneys on both sides of the case were present at the time or soon thereafter. Following the presentation of the indictment a warrant was issued based upon the true bill by the grand jury and with this a second technical arrest was made of Sneed.

The warrant was read to him in the jail, as the first one based on complaint had been. The prisoner heard the reading of the warrant and acknowledged himself under arrest in the same passive manner that characterized his actions throughout the entire affair. Friends and attorneys were present at the time of the reading, as they had been for the greater part of the day. Habeas corpus proceedings are expected.

District Attorney Henry S. Bishop left early last evening for Vernon, where he is a witness in a case transferred from this court, leaving the matter of habeas corpus in the hands of Senator D. W. Odell of Cleburne and W. P. McLean of Fort Worth. The grand jury will continue its investigation of the case today to trace the mysterious persons who are said to have been seen in the cottage. It has been stated by the officers of the court that there will doubtless be a definite determination upon this point soon, for numbers of witnesses have testified that there were two men in the cottage and in the room previously mentioned.

### Amount of Bond.

There is a persistent rumor that an agreement may be reached with reference to amount of bond, but attorneys will make no definite statement with regard to this phase of the situation. Relatives and friends of both the dead man and the prisoner linger in Amarillo, and it is stated that none of them will likely to go until the matter of the bail shall have been settled one way or the other. It is now said definitely that the trial of Sneed in this case can not be reached during the present term of court, which means at the shortest a postponement until the early part of January. There seems every reason to believe that the case will be tried in Amarillo.

### Notice.

I have moved my store to W. 12th street, next door to P. O. All my old customers and new ones, too, are invited to call. Fresh groceries and Racket store, notions, toys, school books and tablets.

## OCTOBER 9 APPOINTED AS FIRE PREVENTION DAY

Governor Cruce Tuesday issued his proclamation fixing October 9th as fire prevention day. The insurance department will within the next day or two complete the program for the observance of the day and they will be sent to all the cities and towns in the state, with the message from the governor that the day be observed.

The governor's proclamation calls attention to the showing made by a recent report from the fire marshal's office in that a great reduction in the annual fire waste had resulted in consequence of the fire marshal's department work and calls on the people to regard more carefully instructions from that department, thus reducing to a minimum the fire waste of the state.

Miss Therese Iselin's Wedding.  
New Rochelle, New York, Sept. 18.—The wedding of Miss Therese Iselin and Irwin B. Laughlin attracted many New Yorkers of high social standing to New Rochelle today. The bride is the elder daughter of Adrian Iselin, Jr., the New York banker, at whose country home the wedding took place. Mr. Laughlin, the bridegroom, is first secretary of the American embassy at Berlin.

## BULL MOOSERS WILL HOLD CONFERENCE

Oklahoma City, Sept. 18.—A special meeting of the executive and advisory committees of the Progressive party was called by State Chairman McDonald for Friday afternoon, when it will be decided whether the Pro-

gressives will interest themselves in the success of any Republican candidates save presidential electors. Decision was rendered in the Oklahoma County Superior court directing the state election board to place on the Republican ticket the ten primary candidates receiving the highest number of votes. There will be no ap-

peal, and, according to Chairman McDonald this gives the Progressives nine who would vote for Roosevelt in event they carried the state.

Up to now Progressives have interested themselves in none of the other Republican candidates; neither have they urged their following to do so.

The Roosevelt for Guthrie on the morning of September 24, while approved by the National committee, has not received the Colonel's sanction, therefore can not be regarded in the itinerary until it does.

Private advices indicate the Western trip has been a trying one for the candidate, and it is desired to keep the engagements at a minimum, as well as to make the speeches indoors whenever possible.

## Brighten Up SHERWIN-WILLIAMS PAINTS & VARNISHES

### If Your House Needs Painting Use S. W. P.

If your house, or barn, or buildings of any sort, need painting, don't put it off. Now—this spring—is the time to paint. A building that is kept protected from the weather, damp, sun and so on, will outlast by years a building that is allowed to go unpainted or poorly painted. It is much better business to save the building you have than buy a new one. And besides this, well painted buildings are much pleasanter to live in, and bring a much higher price if you should want to sell, than dingy, unpainted buildings.

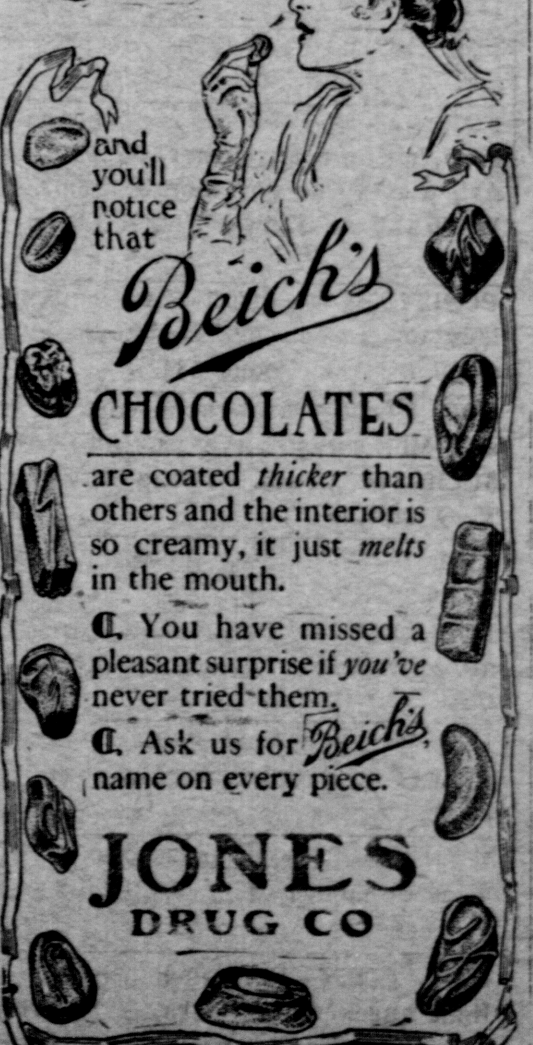

To arrive at the cost of painting, figure the number of square feet a gallon will cover, and how long it will last, not what the paint costs a gallon. Don't simply figure what it costs to paint your house or barn, but what it costs to keep it painted year in and year out. S. W. P. is honestly made of the best raw materials obtainable, and will prove more economical and satisfactory to the man who pays the bill than either hand mixed lead and oil or the so-called "cheap ready-mixed paint." We are agents for Sherwin-Williams Paint, Prepared (S.W.P.) Come in and we will be glad to discuss the paint and varnish question with you.

Now that the busy season is on again, the News hopes the Frisco will reinstate the Hustler, which was taken off in the early spring.

In fighting over the assets of the defunct Republican party, both Taft and Teddy seem to have overlooked the full dinner pail, which was used as the party emblem in a campaign

or two. Too much irony in that emblem this year and it is too hot for either of them to handle.

**JUDGE EPPERSON ON THE BENCH**  
Today, in the absence of Judge McKeown, B. H. Epperson was agreed upon as special judge by the parties to the suit of Brydia vs. Phillips et al. He filled the important office ably and seemed very much at home on the bench. The case will probably be concluded late in the afternoon.

The Oklahoma City Times devotes over a column of space to figuring out how the Republicans, or rather Bull Moosers, will carry Oklahoma in November. Space is evidently at a discount with the Times just now, but the editor still has his nerve with him. The sun may still be shining beyond the lowering clouds which hover over the Republican party just now, but they will scarcely break away by November.

"Rev." B. J. Waugh, who was defeated for the Democratic nomination for congress, has joined the Bull Moosers. The McAlester News-Capital very properly observes that the Democrats seem to be lucky in everything this year.

**Brewers' Annual Meeting.**  
Boston, Sept. 18.—The annual convention of the United States' Brewers' Association began in Boston today. There are many brewers present from the leading cities of the country. In connection with the convention there is an elaborate display of brewery machinery, materials and products. A miniature brewery is shown in operation, and there is also an interesting exhibit from the hop field in irrigated sections of the west.

## THE ONLY WAY

**Many Ada Citizens Have Discovered It**

Just what to do when the kidneys are affected is a question that concerns both old and young. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they have cured thousands of cases of sick kidneys and cured them permanently. Follow the example of this Ada citizen.  
Mrs. A. White, Townsend Ave., and Thirteenth street, Ada, Okla., says: "We have used Doan's Kidney Pills in the family with such good results that I can recommend them highly, although I never used them myself. One of my family had been bothered with backache and weak kidneys. The use of Doan's Kidney Pills brought complete relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo New York, sole agents for the United States.

The committee has complete list of subscriptions on original list, if finance committee wishes to audit these accounts.

It is suggested that a small check be sent to the Confederate hospital at Ardmore home, and apply the balance to the United Charities fund. This would take care of any needy veterans who would apply for aid during the coming winter.

The revival meeting at the Second Baptist church closed Tuesday evening. It was a very successful meeting and considerable interest was manifested. Rev. Hulsey is a most excellent preacher and his sermons are full of power.

The Bolen Thomas life insurance case closed Tuesday afternoon with a verdict against the company for the policy of \$3000. The case will be appealed to the Supreme court, and its determination will set a precedent in cases of this kind, involving several intricate points of law.

For a real interesting Indian story, one should see "White Dove's Sacrifice" at the DeSota this evening. It is a Gem, which is enough to insure its value. Animated Weekly shows the Bull Moose convention, Wilson accepting the Democratic nomination, \$50,000 horse race, diving girls, and other interesting events of the day.

W. T. Cox contributed the 20th dollar to the Wilson fund and enables the News to forward the second check for \$10. All ten of the contributors will, in a few days, receive a handsome lithographed receipt from National headquarters. The News is now ready to begin on the third list of \$10. Who will hand in the first dollar?

### Knew Where to Find the News.

"I don't see anything in any of the other papers about the gas strike at Ada," said B. H. Frick, the other day. "How is it they never make any noise about Ada when she has a good thing, I wonder." and Mr. Frick threw down the comic supplement of a St. Louis paper, disgust written on every line of his face.

When his attention was called to the fact that he might find it in a real newspaper, he began looking for the Ada News.

### Independence Day in Chili.

Santiago, Chili, Sept. 18.—The anniversary of Chilean independence was celebrated today with greater enthusiasm than usual, owing to the fact that this is the centennial year of the country's freedom. Santiago is crowded with visitors. Among the many are distinguished invited guests from Argentina, Brazil, Bolivia, and other of the neighboring republics.

### Peace Advocates at Geneva.

Geneva, Sept. 18.—The Inter-Parliamentary Union, which aims to bring about universal peace by the substitution of arbitration for warfare in the settlement of disputes between the nations, assembled in Geneva today for its annual conference. Several hundred delegates are now in the city prepared to take part in the various meetings, which will continue for three days. Among them are representatives from many of the great nations who have been conspicuous in the peace movement ever since the first conference at The Hague. The delegation from the United States is headed by Congressman Richard Bartholdt, of St. Louis, a former president and for many years a leading member of the Inter-Parliamentary Union.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

### MRS. TOM HOPE MAY ENTER OKLAHOMAN CONTEST

Mrs. Tom Hope has been urged by friends, both at home and over the state, to enter the Oklahoman's contest for the Defender car, and will probably become a contestant. Owing to her prominence and popularity in the club organizations of the state, as well as at home, Mrs. Hope will prove a most formidable contestant.

### Indiana Veterans' Reunion.

Lafayette, Ind., Sept. 18.—The annual reunion of Indian Civil war veterans and their families was held today at the State Soldiers' Home in this city. More than one thousand old soldiers, with their families and friends, were in attendance. Following dinner the veterans adjourned to the spacious grounds surrounding the home and listened to addresses by several prominent speakers.

## F.S. WHITE, PRACTICAL FARMER, VI ITS ADA

Tuesday evening F. S. White, agricultural commissioner of the Frisco system, met with a number of business men of Ada and made an informal talk on the work that is being done by the demonstration farms of the road and by progressive farmers.

There are now ten of the demonstration farms, on which experiments are made with many different kinds of crops and scientific methods thoroughly tried out. These farms are from ten to fifteen acres each, and are usually conducted in conjunction with the commercial clubs of the towns near which they are situated. The road furnishes the seed and the instruction for cultivation, and also furnishes seed to other farmers for experiment. As these seed are always the very best the market affords, and many are imported, it will be readily seen that this gives the farmers opportunity to discover for themselves what is best adapted to their particular sections. Mr. White is anxious to establish one of these farms near Ada, and the matter will be determined by the business men of the town.

Mr. White had in his car all kinds of exhibits of products raised this year on one of the demonstration farms in Arkansas. Everything was first-class, showing how, with proper cultivation, it is possible to produce a surprising variety of things on a very small area. Among the varieties of corn was some of the Early Mastodon, which was planted May 11, and gathered, thoroughly matured, August 17, or just 93 days. He recommends this variety very highly as being able to head off the drouth. The car certainly demonstrated the miracles that can be wrought by proper cultivation.

Mr. White has been a practical farmer all his life. He was a pioneer in applying scientific methods to the work, and what he has done any other man can do, if he will only put forth the effort. Mr. White looks upon farming as the most promising of all vocations of the future, and is doing valuable missionary work and bringing home important truths to the people.

### See Us Before You Buy Four Coal.

Remember that we only handle the highest grades of coal and pick from the best mines in a district. As the ice business draws to a close, and on account of warm and cool days we wish to keep our ice delivery good and therefore we will sell coal at about cost for a while so that we can keep our men busy. Remember our prices are never any higher for our high grades of coal than others charge for any kind of coal. We load our wagons with a fork which insures coal free from slack, we can use the slack in our boilers, and get some use of it, but for stoves it's worthless, so why not buy the best while it cost you no more and may cost you less. Our leader this year will be the same as we have handled for three years which is No. 6 Dewar. We will also have the highest grade of McAlester in stock. We run our own tests on coal, we don't take the other fellows word for it. All coal that comes to our boiler room is tested for heat units, we give our customers the benefit of this as well as the benefit of our long experience as coal users, we claim to know coal when we see it, in fact we are experts in this line, so please see us before placing your orders and avoid any chance in a disappointment in your winter coal. ## TWO GREAT LABORERS WHO WOULD LEAD WISELY

(By John D. Crimmins, Noted Philan-  
thropist and Irish-American.)

New York, Sept. 18.—At the outset of an argument in relation to the ap-  
proaching election for president and  
vice-president, we must view what  
has caused the great uprising in the  
country in connection with our eco-  
nomic affairs and the administration  
of our government insofar as it re-  
lates to that subject.

There is no defense offer for the  
extensive privileges created by the  
tariff preferences through the Repub-  
lican party and the favors to the  
privileged classes and corporations.  
While wealth has accumulated under  
these preferences, a fair field and no  
favor has been denied to the masses.  
We Americans are an observing and  
a thinking people. The result is we  
feel and resent this order of things.

We cannot expect remedies from  
men high in office who in their en-  
tire life work have been associates  
and participants with the favored  
class. Mr. Roosevelt during his en-  
tire career in politics and as the  
head of his party has been the pro-  
tector of many trusts that the tariff  
has nourished and fostered, nor have  
we found him in the seven and one-  
half years of his official life as  
president strenuous in removing tar-  
iff iniquities. Mr. Taft in his acts  
and utterances is a party man, be-  
lieving in a protective tariff, and  
would, if elected, defend what to  
many minds is the supreme cause of  
unrest.

In Mr. Wilson and his associate,  
the candidate for vice president, we  
have two men who have had no es-  
sential associations with the privileged class,  
who have never been in a position to  
grant or accept favor or to partici-  
pate in any measure that could pos-  
sibly relate to their personal welfare  
or increase their incomes. In the re-  
spective professions that these two  
gentlemen have occupied they have  
been day laborers, working at their  
desks as many hours as the workman  
who is industrious and faithful to  
his task.

The very fact that they have been  
selected as candidates for the office  
of president and vice president of  
these United States is an illustration  
of one of the great boasts of the  
American people that the man who is  
faithful to his trust, honest in his  
work, fearless and courageous in his  
opinions, will in time be noticed and  
receive a reward. They have watched  
with concern every side of our polit-  
ical life that enters into the govern-  
ment of our people, voicing their ap-  
proval or disapproval of situations as  
they arose.

No one can safely challenge the  
soundness of their views or their  
leadership where economic questions  
enter into our governmental affairs.  
They are typical Americans; their  
very lives embody a correct illustra-  
tion, plain people with a love of  
country, a love and respect for the  
teachings of the wise men who in our  
infancy were the guiding hands and  
the balance—minds that created the  
situation which we enjoy after this  
century and a quarter. With their  
acquaintance with our history, they  
believe we are safe to keep close to  
the lines of the patriots and states-  
men of that early period.

Governor Wilson and Governor  
Marshall have both been before the  
people when they received the ap-  
proval of a majority of the citizens  
of their respective states for the high  
office of governor. If it be the good  
fortune of the country to have these  
two gentlemen occupy the presidency  
and vice presidency of these United  
States, we have the assurance that in  
their deeds and acts they will labor  
to remove the unrest that has been  
created in the administration of our  
governmental affairs and that there  
will be equal laws for all the people  
and not special laws and special pro-  
tection, and that the rightest ideas of  
a government of the people, by the  
people and for the people will be  
brought into fullest realization.

## First to Use Chloroform.

Chloroform as an anesthetic was  
first used on the 30th of September,  
1846, by Dr. W. T. G. Morton, a den-  
tist, of Boston, in a case of tooth ex-  
traction, and thereafter by him in  
many difficult operations. The news  
of the discovery reached England in  
December, 1846, and British dentists  
immediately began to use it. Sir  
James Simpson, a Scotch physician  
(1811-1870) was the first to use it in  
hospital practice and this he did in  
1847. His discovery was considered  
independent of that by the Boston  
dentist and in 1866 he was knighted.  
He had a public funeral when he died  
and a statue of him in bronze stands  
in Edinburgh.

## SNEED INDICTED FOR KILLING BOYCE

Amarillo, Texas, Sept. 18.—J. B. Sneed was indicted late yesterday by the grand jury of the 47th District court, after two days of investigation, on a charge of murder of Al G. Boyce, Jr., in this place Saturday. The indictment was couched in the usual technical terms and signed by the foreman of the panel.

There was no excitement attendant upon the entry of the grand jury into the court room, but friends and attorneys on both sides of the case were present at the time or soon thereafter. Following the presentation of the indictment a warrant was issued based upon the true bill by the grand jury and with this a second technical arrest was made of Sneed.

The warrant was read to him in the jail, as the first one based on complaint had been. The prisoner heard the reading of the warrant and acknowledged himself under arrest in the same passive manner that characterized his actions throughout the entire affair. Friends and attorneys were present at the time of the reading, as they had been for the greater part of the day. Habeas corpus proceedings are expected.

District Attorney Henry S. Bishop left early last evening for Vernon, where he is a witness in a case transferred from this court, leaving the matter of habeas corpus in the hands of Senator D. W. Odell of Cleburne and W. P. McLean of Fort Worth. The grand jury will continue its investigation of the case today to trace the mysterious persons who are said to have been seen in the cottage. It has been stated by the officers of the court that there will doubtless be a definite determination upon this point soon, for numbers of witnesses have testified that there were two men in the cottage and in the room previously mentioned.

### Amount of Bond.

There is a persistent rumor that an agreement may be reached with reference to amount of bond, but attorneys will make no definite statement with regard to this phase of the situation. Relatives and friends of both the dead man and the prisoner linger in Amarillo, and it is stated that none of them will likely go until the matter of the bail shall have been settled one way or the other. It is now said definitely that the trial of Sneed in this case can not be reached during the present term of court, which means at the shortest a postponement until the early part of January. There seems every reason to believe that the case will be tried in Amarillo.

## OCTOBER 9 APPOINTED AS FIRE PREVENTION DAY

Governor Creece Tuesday issued his proclamation fixing October 9th as fire prevention day. The insurance department will within the next day or two complete the program for the observance of the day and they will be sent to all the cities and towns in the state, with the message from the governor that the day be observed.

The governor's proclamation calls attention to the showing made by a recent report from the fire marshal's office in that a great reduction in the annual fire waste had resulted in consequence of the fire marshal's department work and calls on the people to regard more carefully instructions from that department, thus reducing to a minimum the fire waste of the state.

Miss Therese Iselin's Wedding.  
New Rochelle, New York, Sept. 15.—The wedding of Miss Therese Iselin and Irwin B. Laughlin attracted many New Yorkers of high social standing to New Rochelle today. Mr. Laughlin, the bridegroom, is first secretary of the American embassy at London.

## BULL MOOSERS WILL HOLD CONFERENCE

Oklahoma City, Sept. 18.—A special meeting of the executive and advisory committees of the Progressive party was called by State Chairman McDonald for Friday afternoon, when it will be decided whether the Pro-

gressives will interest themselves in the success of any Republican candidates save presidential electors. Decision was rendered in the Oklahoma County Superior court directing the state election board to place on the Republican ticket the ten primary candidates receiving the highest number of votes. There will be no ap-

peal, and, according to Chairman McDonald this gives the Progressives nine who would vote for Roosevelt in event they carried the state.

Up to now Progressives have interested themselves in none of the other Republican candidates; neither have they urged their following to do so.

The Roosevelt for Guthrie on the morning of September 24, while approved by the National committee, has not received the Colonel's sanction, therefore can not be regarded in the itinerary until it does.

Private advices indicate the Western trip has been a trying one for the candidate, and it is desired to keep the engagements at a minimum, as well as to make the speeches indoors whenever possible.

### If Your House Needs Painting Use S. W. P.

If your house, or barn, or buildings of any sort, need painting, don't put it off. Now—this spring—is the time to paint. A building that is kept protected from the weather, damp, sun and so on, will outlast by years a building that is allowed to go unpainted or poorly painted. It is much better business to save the building you have than buy a new one. And besides this, well painted buildings are much pleasanter to live in, and bring a much higher price if you should want to sell, than dingy, unpainted buildings.

To arrive at the cost of painting, figure the number of square feet a gallon will cover, and how long it will last, not what the paint costs a gallon. Don't simply figure what it costs to paint your house or barn, but what it costs to keep it painted year in and year out. S. W. P. is honestly made of the best raw materials obtainable, and will prove more economical and satisfactory to the man who pays the bill, than either hand mixed lead and oil or the so-called "cheap ready-mixed paint." We are agents for Sherwin-Williams Paint, Prepared (S.W.P.). Come in and we will be glad to discuss the paint and varnish question with you.

Now that the busy season is on again, the News hopes the Frisco will reinstate the Hustler, which was taken off in the early spring.

In fighting over the assets of the defunct Republican party, both Taft and Teddy seem to have overlooked the full dinner pail, which was used as the party emblem in a campaign

or two. Too much irony in that emblem this year and it is too hot for either of them to handle.

**JUDGE EPPERSON ON THE BENCH**  
Today, in the absence of Judge McKeown, B. H. Epperson was agreed upon as special judge by the parties to the suit of Brydia vs. Phillips et al. He filled the important office ably and seemed very much at home on the bench. The case will probably be concluded late in the afternoon.

The Oklahoma City Times devotes over a column of space to figuring out how the Republicans, or rather Bull Moosers, will carry Oklahoma in November. Space is evidently at a discount with the Times just now, but the editor still has his nerve with him. The sun may still be shining beyond the lowering clouds which hover over the Republican party just now, but they will scarcely break away by November.

"Rev." B. J. Waugh, who was defeated for the Democratic nomination for congress, has joined the Bull Moosers. The McAlester News-Capital very properly observes that the Democrats seem to be lucky in everything this year.

The committee has complete list of subscriptions on original list, if finance committee wishes to audit these accounts.

It is suggested that a small check be sent to the Confederate hospital at Ardmore home, and apply the balance to the United Charities fund. This would take care of any needy veterans who would apply for aid during the coming winter.

in favor of installing electricity in your home is the convenience. You simply press a button and we do the rest. We can light your home, heat your home, cook your meals, wash your clothes, operate your sewing machine, and make it a pleasure for you to iron in the new way—the electric way. You can iron in the kitchen, sewing room, porch or wherever you choose. No walking back and forth or stopping work, the right temperature in the iron always, therefore better work. Adopt the electric way—the cool, comfortable and efficient way. Electricity is one of the greatest household economizers and conveniences available. The committee has complete list of subscriptions on original list, if finance committee wishes to audit these accounts.

It is suggested that a small check be sent to the Confederate hospital at Ardmore home, and apply the balance to the United Charities fund. This would take care of any needy veterans who would apply for aid during the coming winter.

In favor of installing electricity in your home is the convenience. You simply press a button and we do the rest. We can light your home, heat your home, cook your meals, wash your clothes, operate your sewing machine, and make it a pleasure for you to iron in the new way—the electric way. You can iron in the kitchen, sewing room, porch or wherever you choose. No walking back and forth or stopping work, the right temperature in the iron always, therefore better work. Adopt the electric way—the cool, comfortable and efficient way. Electricity is one of the greatest household economizers and conveniences available. ## CITY NEWS IN BRIEF

Loose leaf ledger's at Holley's. 229tf.

The Pott County fair began at Shawnee today. Gov. Cruce opened the event with an address.

New Wall paper coming in all the while at Holley's. 229tf.

Judge Cutler, of Coalgate, was an Ada visitor this morning, returning on the 11:25 train.

I want to buy two small ponies, buggy and harness. Frank Jones. 141-2t.

Rev. L. W. Wright, pastor of the Second Baptist church, returned to Mill Creek this morning.

Always got all kinds of paint at lowest prices at Dr. Holley's Drug Store. 229tf.

Mr. and Mrs. D. F. Cook, of Louisville, who were the guests of W. S. Creveling and wife, returned home this morning.

Paper hanging and painting done on short notice.—McDole, shop rear of Byrd hotel. Phone 184. 133-8td.

Sherwood Hill, county weigher, informs the News that 160 bales of cotton have been received to date. Probably another 100 round bales have been turned out. With the return of fair weather the receipts will be heavy.

I have chicken feed as well as a complete stock of Groceries at the right price.—Jno. D. Rinar. 129tf.

The revival meeting at the Second Baptist church closed Tuesday evening. It was a very successful meeting and considerable interest was manifested. Rev. Hulsey is a most excellent preacher and his sermons are full of power.

The Bolen Thomas life insurance case closed Tuesday afternoon with a verdict against the company for the policy of \$3000. The case will be appealed to the Supreme court, and its determination will set a precedent in cases of the kind, involving several intricate points of law.

For a real interesting Indian story, one should see "White Dove's Sacrifice" at the DeSota this evening. It is a Gem, which is enough to insure its value. Animated Weekly shows the Bull Moose convention, Wilson accepting the Democratic nomination, \$50,000 horse race, diving girls, and other interesting events of the day.

W. T. Cox contributed the 20th dollar to the Wilson fund and enables the News to forward the second check for \$10. All ten of the contributors will, in a few days, receive a handsome lithographed receipt from National Headquarters. The News is now ready to begin on the third list of \$10. Who will hand in the first dollar?

Know Where to Find the News. "I don't see anything in any of the other papers about the gas strike at Ada," said B. H. Frick, the other day. "How is it they never make any noise about Ada when she has a good thing, I wonder?" and Mr. Frick threw down the comic supplement of a St. Louis paper, disgust written on every line of his face.

When his attention was called to the fact that he might find it in a real newspaper, he began looking for the Ada News.

Independence Day in Chile. Santiago, Chile, Sept. 18.—The anniversary of Chilean independence was celebrated today with greater enthusiasm than usual, owing to the fact that this is the centennial year of the country's freedom. Santiago is crowded with visitors. Among the many are distinguished invited guests from Argentina, Brazil, Bolivia, and other of the neighboring republics.

Peace Advocates at Geneva. Geneva, Sept. 18.—The Inter-Parliamentary Union, which aims to bring about universal peace by the substitution of arbitration for warfare in the settlement of disputes between the nations, assembled in Geneva today for its annual conference. Several hundred delegates are now in the city prepared to take part in the various meetings, which will continue for three days. Among them are representatives from many of the great nations who have been conspicuous in the peace movement ever since the first conference at The Hague. The delegation from the United States is headed by Congressman Richard Bartholdt, of St. Louis, a former president and for many years a leading member of the Inter-Parliamentary Union.

## Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers. BRADFELD REGULATOR CO., Atlanta, Ga.

## MRS. TOM HOPE MAY ENTER OKLAHOMAN CONTEST

Mrs. Tom Hope has been urged by friends, both at home and over the state, to enter the Oklahoman's contest for the Defender card, and will probably become a contestant. Owing to her prominence and popularity in the club organizations of the state, as well as at home, Mrs. Hope will prove a most formidable contestant.

## Indiana Veterans' Reunion.

Lafayette, Ind., Sept. 18.—The annual reunion of Indian Civil war veterans and their families was held today at the State Soldiers' Home in this city. More than one thousand old soldiers, with their families and friends, were in attendance. Following dinner the veterans adjourned to the spacious grounds surrounding the home and listened to addresses by several prominent speakers.

## F.S. WHITE, PRACTICAL FARMER, VI. ITS ADA

Tuesday evening F. S. White, agricultural commissioner of the Frisco system, met with a number of business men of Ada and made an informal talk on the work that is being done by the demonstration farms of the road and by progressive farmers. There are now ten of the demonstration farms, on which experiments are made with many different kinds of crops and scientific methods thoroughly tried out. These farms are from ten to fifteen acres each, and are usually conducted in conjunction with the commercial clubs of the towns near which they are situated. The road furnishes the seed and the instruction for cultivation, and also furnishes seed to other farmers for experiment. As these seeds are always the very best, the market affords, and many are imported, it will be readily seen that this gives the farmers opportunity to discover for themselves what is best adapted to their particular sections. Mr. White is anxious to establish one of these farms near Ada, and the matter will be determined by the business men of the town.

Mr. White had in his car all kinds of exhibits of products raised this year on one of the demonstration farms in Arkansas. Everything was first-class, showing how, with proper cultivation, it is possible to produce a surprising variety of things on a very small area. Among the varieties of corn was some of the Early Mastodon, which was planted May 11, and gathered, thoroughly matured, August 17, or just 93 days. He recommends this variety very highly as being able to head off the drought. The car certainly demonstrated the miracles that can be wrought by proper cultivation.

Mr. White has been a practical farmer all his life. He was a pioneer in applying scientific methods to the work, and what he has done any other man can do, if he will only put forth the effort. Mr. White looks upon farming as the most promising of all vocations of the future, and is doing valuable missionary work and bringing home important truths to the people.

## JUDGE McKEOWN WILL TRY LOVE MURDER CASE

Tuesday afternoon Judge Tom D. McKeown received a wire directing him to go to Antlers at once to try the Love murder case. Love is to be tried for killing Rucker, a Hugo druggist, whom Love alleged was a lover of his wife. Judge McKeown left on the evening train and Judge Ferguson will arrive this afternoon and continue the term here.

Much has been written of the moonshiners of the eastern states, and this evening the Majestic will show a most excellent picture of that class, called "A Moonshiner's Heart." "Marjorie's Diamond Ring" is a picture that is guaranteed to drive off all trace of the blues.

## See Us Before You Buy Your Coal.

Remember that we only handle the highest grades of coal and pick from the best mines in a district. As the ice business draws to a close, and on account of warm and cool days we wish to keep our ice delivery good and therefore we will sell coal at about cost for a while so that we can keep our men busy. Remember our prices are never any higher for our high grades of coal than others charge for any kind of coal. We load our wagons with a fork which insures coal free from slack, we can use the slack in our boilers, and get some use of it, but for stoves it's worthless, so why not buy the best while it cost you no more and may cost you less. Our leader this year will be the same as we have handled for three years which is No. 8 Dewar. We will also have the highest grade of McAlester in stock. We run our own tests on coal, we don't take the other fellows word for it. All coal that comes to our boiler room is tested for heat units, we give our customers the benefit of this as well as the benefit of our long experience as coal users, we claim to know coal when we see it, in fact we are experts in this line, so please see us before placing your orders and avoid any chance in a disappointment in your winter coal. ## TWO GREAT LADIES WHO WOULD LEAD WISELY

(By John D. Crummins, Noted Philan-  
thropist and Irish-American.)

New York, Sept. 18.—At the outset of an argument in relation to the approaching election for president and vice-president, we must view what has caused the great uprising in the country in connection with our economic affairs and the administration of our government insofar as it relates to that subject.

There is no defense offer for the extensive privileges created by the tariff preferences through the Republican party and the favors to the privileged classes and corporations. While wealth has accumulated under these preferences, a fair field and no favor has been denied to the masses. We Americans are an observing and a thinking people. The result is we feel and resent this order of things.

We cannot expect remedies from men high in office who in their entire life work have been associates and participants with the favored class. Mr. Roosevelt during his entire career in politics and as the head of his party has been the protector of many trusts that the tariff has nourished and fostered, nor have we found him in the seven and one-half years of his official life as president strenuous in removing tariff iniquities. Mr. Taft in his acts and utterances is a party man, believing in a protective tariff, and would, if elected, defend what to many minds is the supreme cause of unrest.

In Mr. Wilson and his associate, the candidate for vice president, we have two men who have had no associations with the privileged class, who have never been in a position to grant or accept favor or to participate in any measure that could possibly relate to their personal welfare or increase their incomes. In the respective professions that these two gentlemen have occupied they have been day laborers, working at their desks as many hours as the workman who is industrious and faithful to his task.

The very fact that they have been selected as candidates for the office of president and vice president of these United States is an illustration of one of the great boasts of the American people that the man who is faithful to his trust, honest in his work, fearless and courageous in his opinions, will in time be noticed and receive a reward. They have watched with concern every side of our political life that enters into the government of our people, voicing their approval or disapproval of situations as they arose.

No one can safely challenge the soundness of their views or their leadership where economic questions enter into our governmental affairs. They are typical Americans; their very lives embody a correct illustration, plain people with a love of country, a love and respect for the teachings of the wise men who in our infancy were the guiding hands and the balance-minds that created the situation which we enjoy after this century and a quarter. With their acquaintance with our history, they believe we are safe to keep close to the lines of the patriots and statesmen of that early period.

Governor Wilson and Governor Marshall have both been before the people when they received the approval of a majority of the citizens of their respective states for the high office of governor. If it be the good fortune of the country to have these two gentlemen occupy the presidency and vice presidency of these United States, we have the assurance that in their deeds and acts they will labor to remove the unrest that has been created in the administration of our governmental affairs and that there will be equal laws for all the people and not special laws and special protection, and that the highest ideals of a government of the people, by the people and for the people will be brought into fullest realization.

## First to Use Chloroform.

Chloroform as an anesthetic was first used on the 30th of September, 1846, by Dr. W. T. G. Morton, a dentist, of Boston, in a case of tooth extraction, and thereafter by him in many difficult operations. The news of the discovery reached England in December, 1846, and British dentists immediately began to use it. Sir James Simpson, a Scotch physician (1811-1870) was the first to use it in hospital practice and this he did in 1847. His discovery was considered independent of that by the Boston dentist and in 1866 he was knighted. He had a public funeral when he died and a statue of him in bronze stands in Edinburgh.

## BRING IN YOUR STATE FAIR EXHIBITS

Quite a number have sent in their exhibits for the state fair, and all others are requested to do so, not later than Saturday. It is especially desired that some canned fruit, or fruit sealed in glass jars for exhibition purposes, be sent in, all of which will be returned after the fair. All exhibits should be left at the office of Banks & Woods rear Ada National bank.

Rev. J. W. Hulsey, who conducted the revival at the Second Baptist church, returned to his home at Waldon, Arkansas, this morning.

## SAYS THE POLICE KNEW MURDERER'S WHEREABOUTS

New York, Sept. 18.—The John Doe inquiry by Justice Goff to ascertain if there had been suppression of any documentary evidence found in the quarters where Harry Herowitz and Lefty Louis Rosenzweig were arrested was continued today.

There have been repeated stories of fifty or more letters being found which would aid in the prosecution of the slayers of Herman Rosenthal. Deputy Police Commissioner Dougherty, however, denies that any such letters were found.

Twice they attended the Mardi Gras festivities at Coney Island and on one occasion they stood almost in the shadows of police headquarters, debating with themselves the wisdom of giving themselves up.  
This is the gist of a statement given out by ex-Judge Charles G. F. Wahle, who is defending all four gun men under arrest. The lawyer declared emphatically that Gyp and Lefty had not been in hiding. At Coney Island, he asserted, they had rubbed elbows with many of the 400 policemen on duty there.

# FREE FREE

WHILE we are going to give away absolutely free this handsome \$1800 Howard Touring Car, we want to call your attention to the fact that we have a full and complete stock of clean merchandise in both the Dry Goods and Grocery departments at prices that will force a sale if you will only give us a look. Our buyer recently returned from the markets where he bought a large and carefully selected stock, picking up many bargains in servicable merchandise, not "fancy junk," and we give you the benefit of these bargains. Every dollar you spend with us you get your money's worth. It don't cost you anything to look at our stock and we will be glad to show you and won't get mad if you don't buy, but if you will look you will buy, because we have quality at the right price. Don't forget that we carry a complete line of Peters Shoes for the whole family. They are a reasonable price shoe and the material and workmanship are fully guaranteed. With every cent spent in our store, in any department, you get a vote in the Howard Car Contest, which will be given away the first day of February, 1913, to the one receiving the highest number of votes. Any one who desires may enter the contest and to every one entering the race we give a bonus of 2000 votes. If you care to enter either yourself or some of your friends clip and fill out the coupon below and return to us and we will give you a number. All contestants are known by number. We record votes on each Wednesday and publish the standing of each contestant on the following Thursday, publishing only the contestant's number and not the name. All votes must be in not later than the last Wednesday in each month, as we change color of coupons on the following Thursday, and all unrecorded votes are void and will not be counted. Get in the race and ask your friends to help you win this handsome prize. The most valuable Prize ever given away in this part of the County. The Car is on exhibition at our store and we would be glad to have you call and inspect it. While in the store, pick up a few bargains and secure some votes either for yourself or a friend.
